Allianz Global Artificial
Intelligence Fund

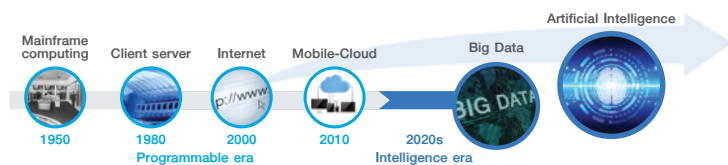

KTAM World Technology Artificial Intelligence Equity Fund (KT-WTAI) will invest in the Allianz Global Artificial Intelligence Fund which emphasizes investments in global equity markets of companies whose business will benefit from/or is currently related to the evolution of artificial intelligence or AI.

Enter the Age of Artificial Intelligence

Artificial intelligence is the capability for software or equipment to think and learn like humans. They acquire knowledge through hearing, viewing, and guidance, with ability to respond in real time.

Development of mobile technology, cloud computing, and big data underpin the advancement of artificial intelligence or AI.
